The Arizona State University (ASU) College of Nursing and Health Innovation invites applications for three faculty positions at the rank of assistant/associate professor tenured/tenure track, in the areas of aging, end of life/palliative care, caregiving, cancer care, pediatrics, sleep, obesity, biobehavioral approaches, large datasets, the microbiome, and research in health promotion/disease prevention with vulnerable populations.

The College of Nursing and Health Innovation is part of a vibrant research, education, and practice community at ASU, named for the second time this year as #1 in innovation for all US universities. Faculty currently have 8 R01s and PCORI, Macy Foundation, VA and other grants, support of an in-house sleep laboratory and 4 interprofessional centers and many community partners including the Mayo Clinic, Phoenix Children’s Hospital, Banner Health, Dignity Health, HonorHealth and the VA Medical Center.

Applicants must have an earned, research-focused doctorate degree in nursing (preferred) or another health related field. Applicants must also have a record of scholarly productivity, extramural funding or a strong potential for extramural funding, and teaching experience as appropriate to rank.

**Minimum Qualifications** will include:

- PhD or similar degree in nursing or health-related research area from an accredited university.
- Previous teaching experience (for senior faculty).
- An established program of research as evidenced by extramurally-funded research and peer-reviewed, high quality publications (for senior faculty).
- A program of research as evidenced by a record of peer-reviewed, high quality publications, and potential for securing extramurally-funded research (for early career faculty).
- For applicants having a degree in nursing, eligibility for entry-level licensure in Arizona; must provide evidence/receipt of an Arizona Registered Nurse license prior to first day of employment.

NOTE: This does not apply for applicants who are not RN's.

**Desired Qualifications:**

- Strong record of externally-funded research.
- Consistent and current evidence of scholarly publications in top-tier refereed journals.
- Evidence of successful mentoring of graduate students, post-docs, and/or early career faculty.
- Postdoctoral training (for early career faculty).

**Deadline and Procedure:**

DEADLINE: December 5, 2016; if not filled, weekly thereafter until the search is closed.

Please apply by submitting:
1. Letter of interest indicating the specific position and rank of their application
2. Curriculum vitae/professional resume
3. Names, postal addresses, phone numbers, and e-mail addresses of 3 references

Send all application materials via email (preferred) to:
kim.danielson@asu.edu
with the subject line of “CONHI Tenured/Tenure Track Faculty Position Job #11714”

Applicants for academic positions at Arizona State University are encouraged to take the opportunity to complete the voluntary [EEO Survey](http://www.asu.edu/aad/manuals/acd/acd401.html). A criminal and employment history background check will be performed prior to an employment offer. For more information about Arizona State University and the College of Nursing and Health Innovation, you are invited to visit: [ASU's full non-discrimination statement](https://www.asu.edu/aad/manuals/acd/acd401.html) and the Title IX statement at: [ASU's Title IX statement](https://www.asu.edu/titleIX). The College of Nursing and Health Innovation actively encourages diversity among its students, faculty, and staff.
